CAREER OBJECTIVE

Computer Science student passionate about software development, AI, and problem-solving. Seeking opportunities to apply technical skills, build innovative projects, and grow as a software engineer while contributing to organizational success

EDUCATION

B.Tech, Computer Science & Engineering

Hindustan Institute Of Technology And Science

2025 - 2029

TRAININGS / CERTIFICATIONS

Machine Learning Specialization

May 2026 - Present

Stanford Online & Deeplearning.ai, Virtual

Learning supervised and unsupervised machine learning, neural networks, regression, classification, reinforcement learning, and practical AI model development using Python.

100 Days Of Code: The Complete Python Pro Bootcamp

Feb 2026 - Present

Udemy – Angela Yu, Virtual

Learning Python programming, automation, APIs, object-oriented programming, data handling, and real-world project development

The Complete 2025 Web Development Bootcamp

Dec 2025 - Present

Udemy– Angela Yu, Virtual

Learning full-stack web development including HTML, CSS, JavaScript, Node.js, react, APIs, databases, and responsive web design.

CS50W: Web Programming With Python And Javascript

May 2026 - Present

Harvard University, Virtual

Learning full-stack web development using Python, JavaScript, HTML, CSS, Django, APIs, and database integration.

MITx: Data Analysis: Statistical Modeling And Computation In Applications

Feb 2026 - Present

Massachusetts Institute Of Technology (MITx), Virtual

Learning statistical modeling, data analysis, computation techniques, probability, and practical applications of data science using Python.

CS50x: Introduction To Computer Science

Aug 2025 - Jan 2026

Harvard University, Virtual

Learned programming fundamentals, problem solving, algorithms, C, Python, SQL, and web development basics.

SKILLS

- Python
- CSS
- Problem Solving
- APIs
- Data Analysis
- Effective Communication
- C Programming
- JavaScript
- Object Oriented Programming (OOP)
- Responsive Design
- Video Editing
- Critical thinking
- HTML
- Web development
- GitHub
- Machine Learning
- Leadership
- Amazon Web Services (AWS)

EXTRA CURRICULAR ACTIVITIES

- Led a team in 3 hackathons and participated in academic Olympiads. Created YouTube content on self-improvement and web development tutorials. Member of the Kho Kho and Volleyball teams; won zonal-level competitions. Skilled in video editing, digital content creation, and web development. Interested in fitness, sketching, and anime character drawing.

ADDITIONAL DETAILS

- Secured 91% in Class 10 and 92% in Class 12 board examinations. Achieved centum in Computer Science, secured first mark in Physics, and graduated as school topper and 2nd rank holder in higher secondary education.
